FOREWORD

We, the Seniors of 1976, have tried to capture all of the treasured memories that have made this Bicentennial Year an unforgettable one.

We feel quite honored to be graduating in the year of our nation's 200th birthday; and just as our nation has reached a milestone in its history, we have reached a milestone in our lives. We are just beginning the long road of life. In the years to come, we will look back upon these pages with a fondness of memory and recall the people, places, and happenings of 1976.

We hope that as you look through these pages you may recall the same memories and the "Spirit of '76."

As many times before in the history of America, our country faces the severe test of "United we stand, divided we fall." To be assured that our children and grandchildren will enjoy the same freedoms that we do, let us always show our true colors - red, white, and blue!

CAMPUS SCENES

Education has for its object
the formation of character.

DEDICATION

**MRS.
HELEN
YOUNG**

Because she inspired in us a need to achieve our highest goals . . .

Because she guided us enthusiastically and often lent us strength for success in the most formative years of our life . . .

Because she is our friend . . .

We, the Senior Class, with deep respect and admiration, dedicate the 1976 HOOTER to Mrs. Helen Young.

PATRIOTISM... *an important part of Citizenship*

Patriotism is an important part of citizenship . . . but it is only a part.

When we examine America's past and present laws and customs, we discover that the substance of citizenship is a balance of *rights* and *responsibilities*.

To preserve and enjoy our *rights* as citizens, we must exercise our *responsibilities* as citizens . . . voting in free elections, obeying our government's laws, serving on juries, giving our interest and our time to community affairs and defending our country.

Citizenship is *believing*. It is also *doing*.

**We
Celebrate
the Past**
in the spirit of seventy-six

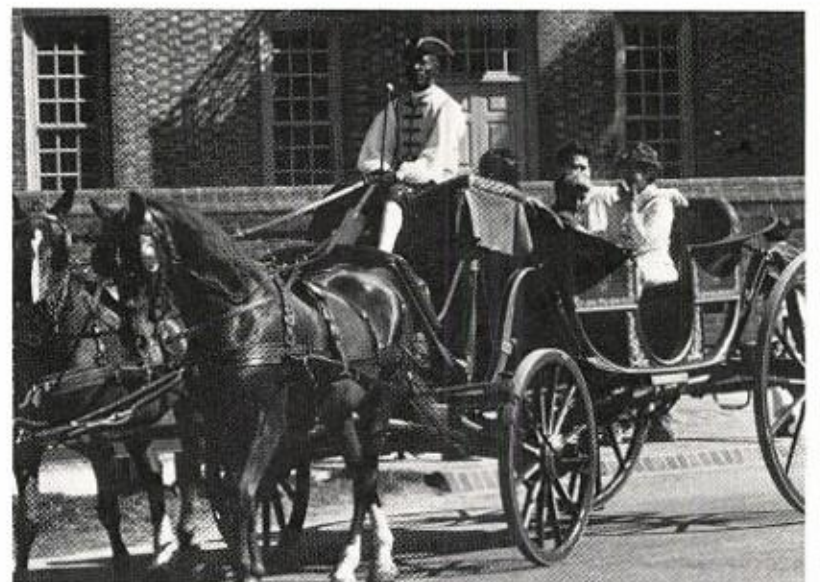

There was an enormous force which strengthened the colonies, which exists today, and which has carried America through its great history. That force is known to us all to be the "*Spirit of '76.*"

What was that spirit — and indeed what *is* that spirit?

It is a *SPIRIT OF LIBERTY* and the knowledge that one man's freedom is more important than anything else on earth.

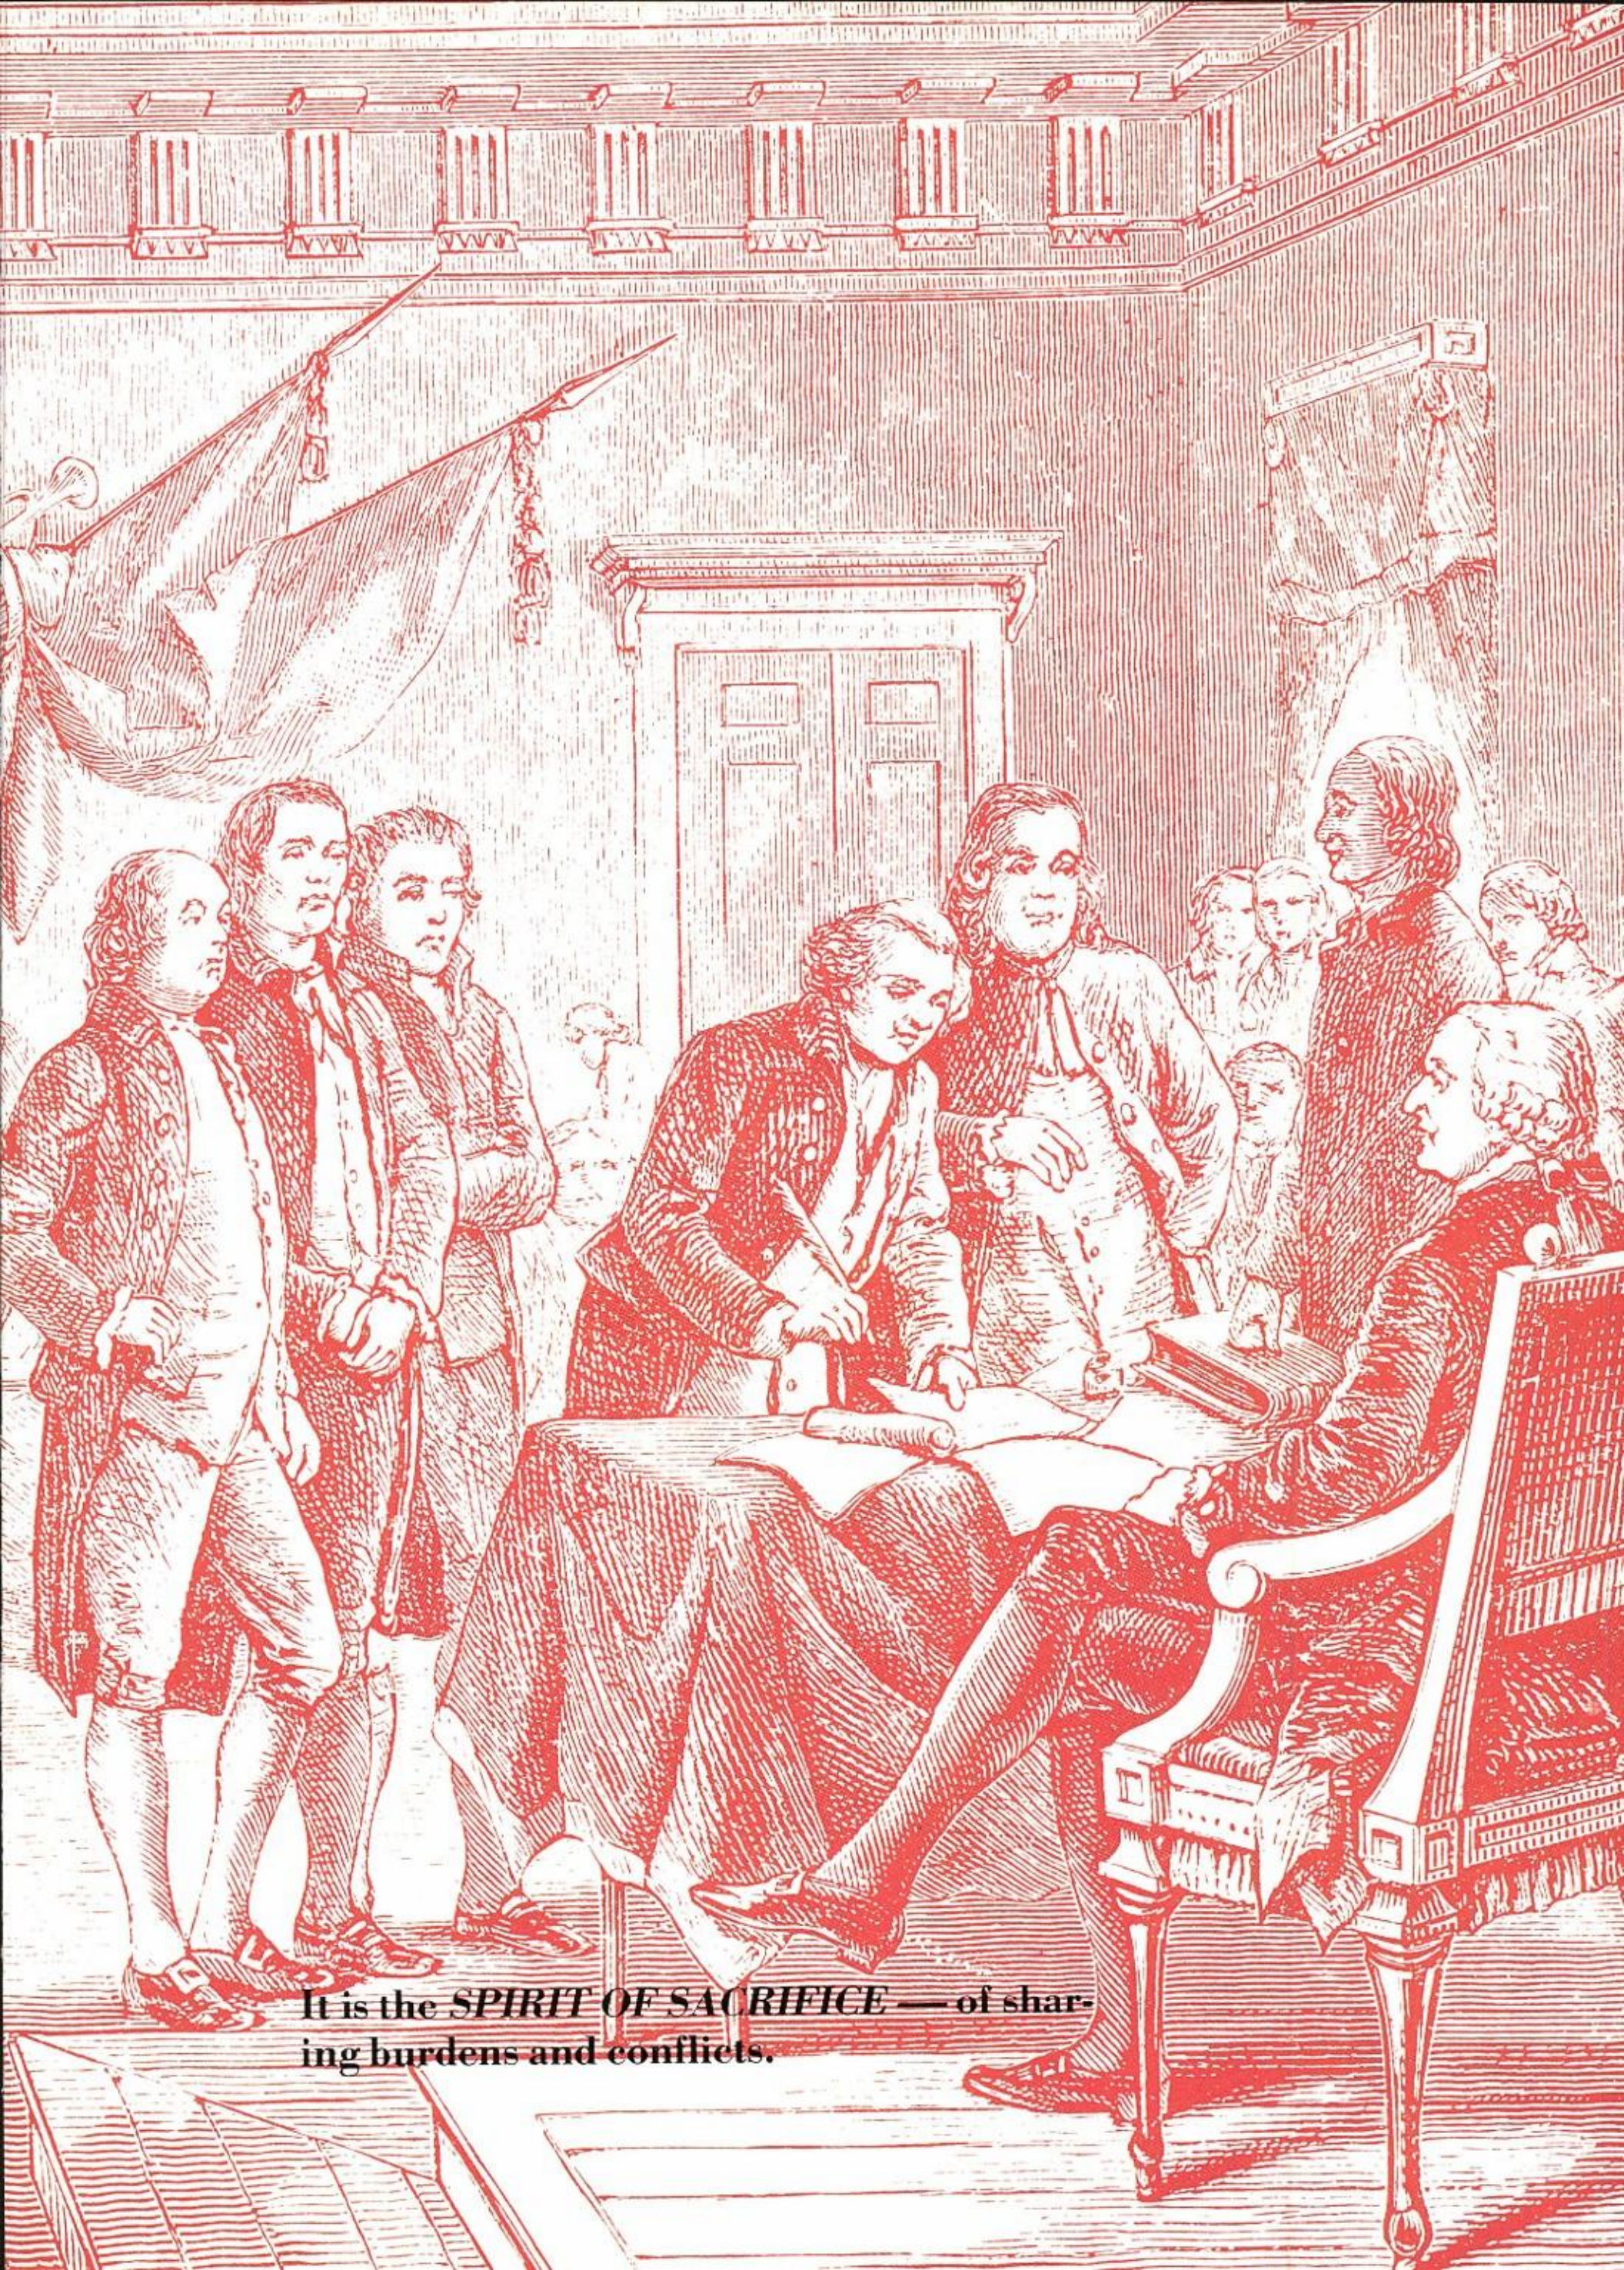

Independence Hall
The State House of
Pennsylvania

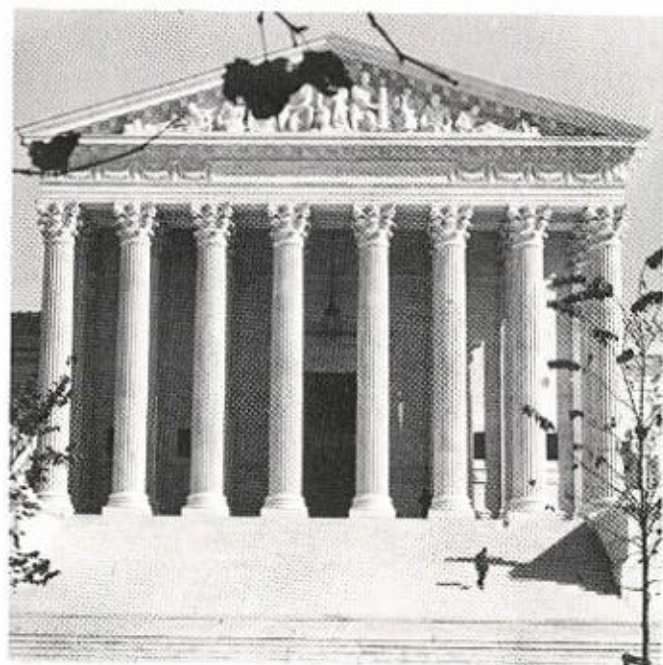

The Birthplace of
the UNITED STATES
of AMERICA

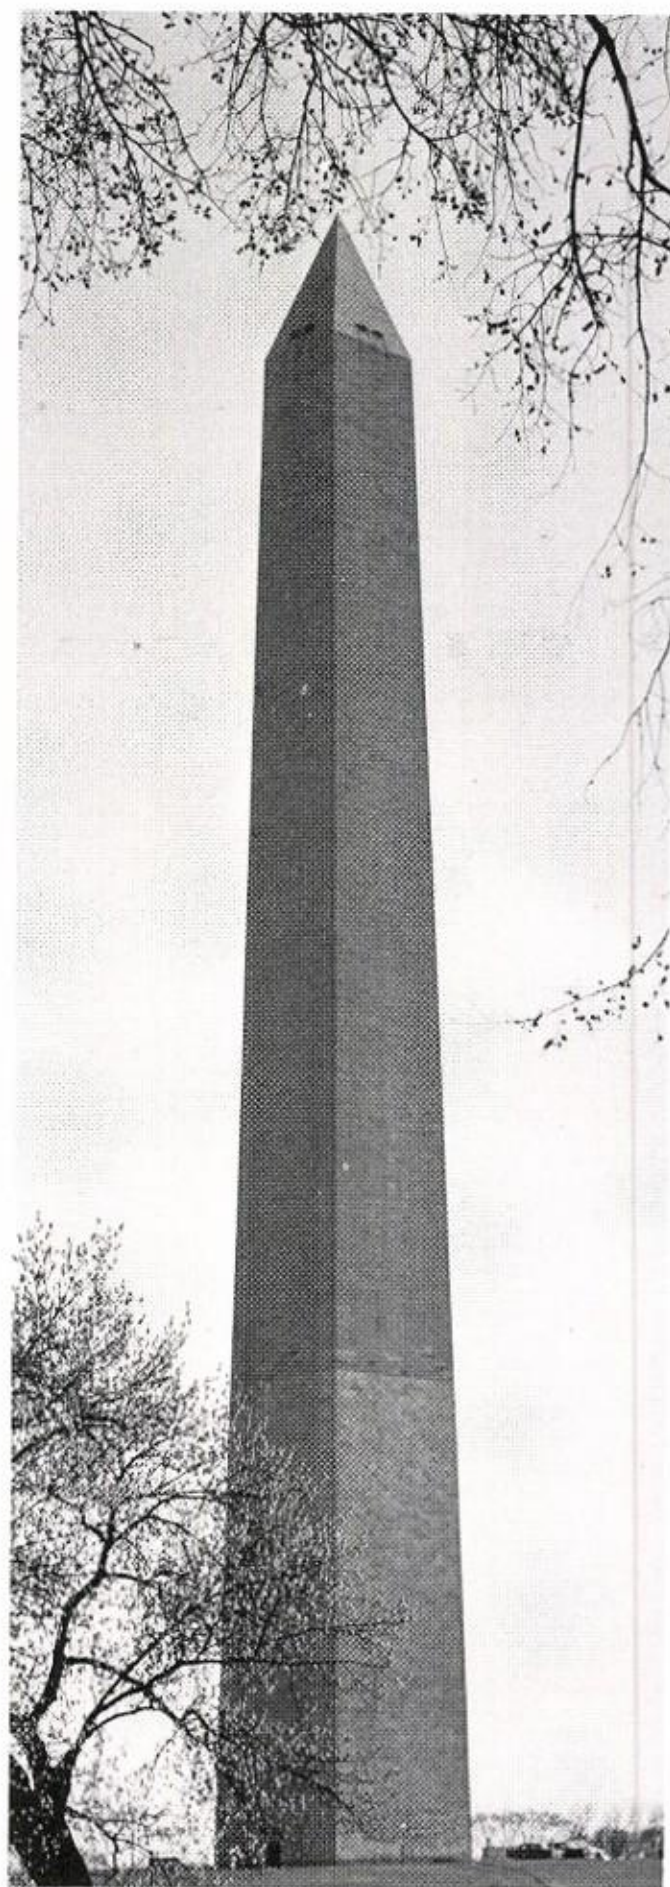

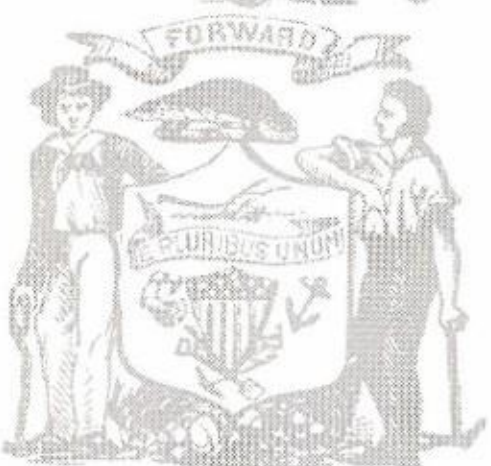

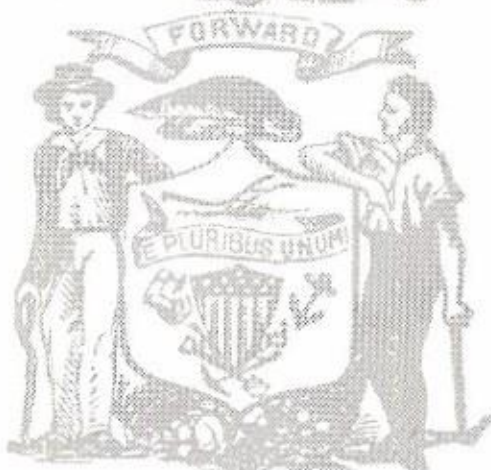

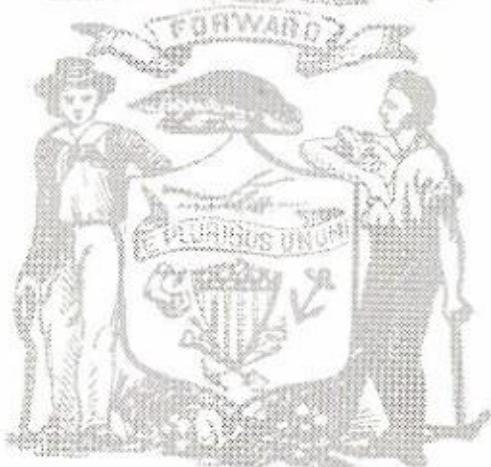

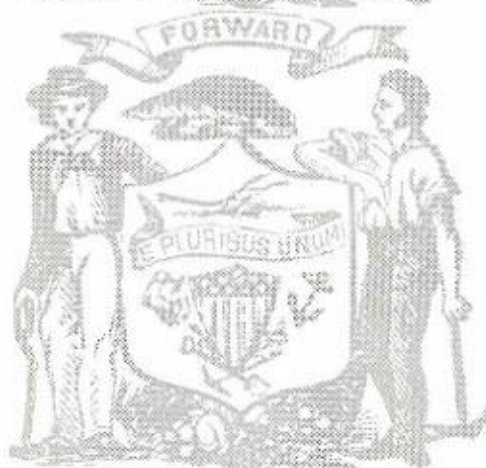

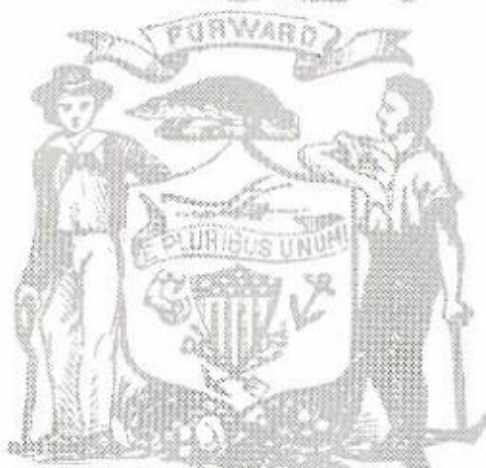

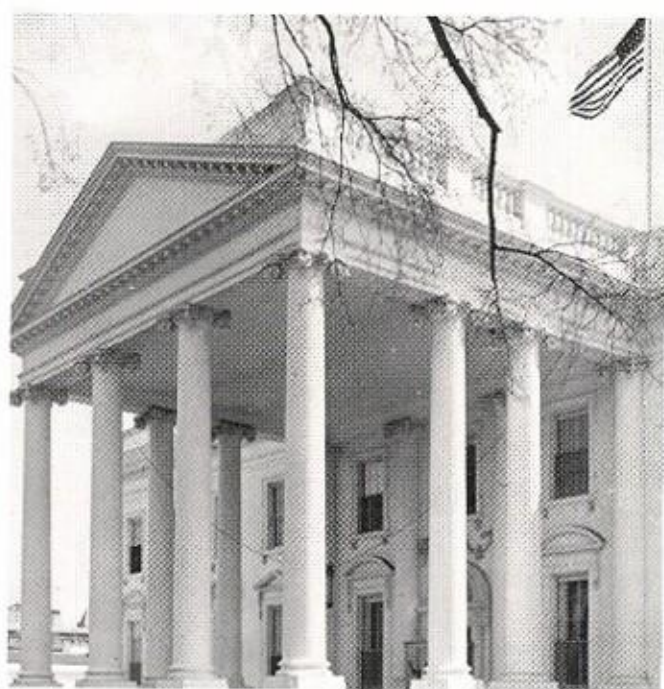

It is the *SPIRIT OF SACRIFICE* — of sharing burdens and conflicts.

It is the ***SPIRIT OF OPTIMISM*** of knowing that we can always make things better — of working only for the best, and expecting only the best.

It is the *SPIRIT OF CONFIDENCE* — of not being constrained by earthly boundaries and of the certain knowledge that man can master his fate.

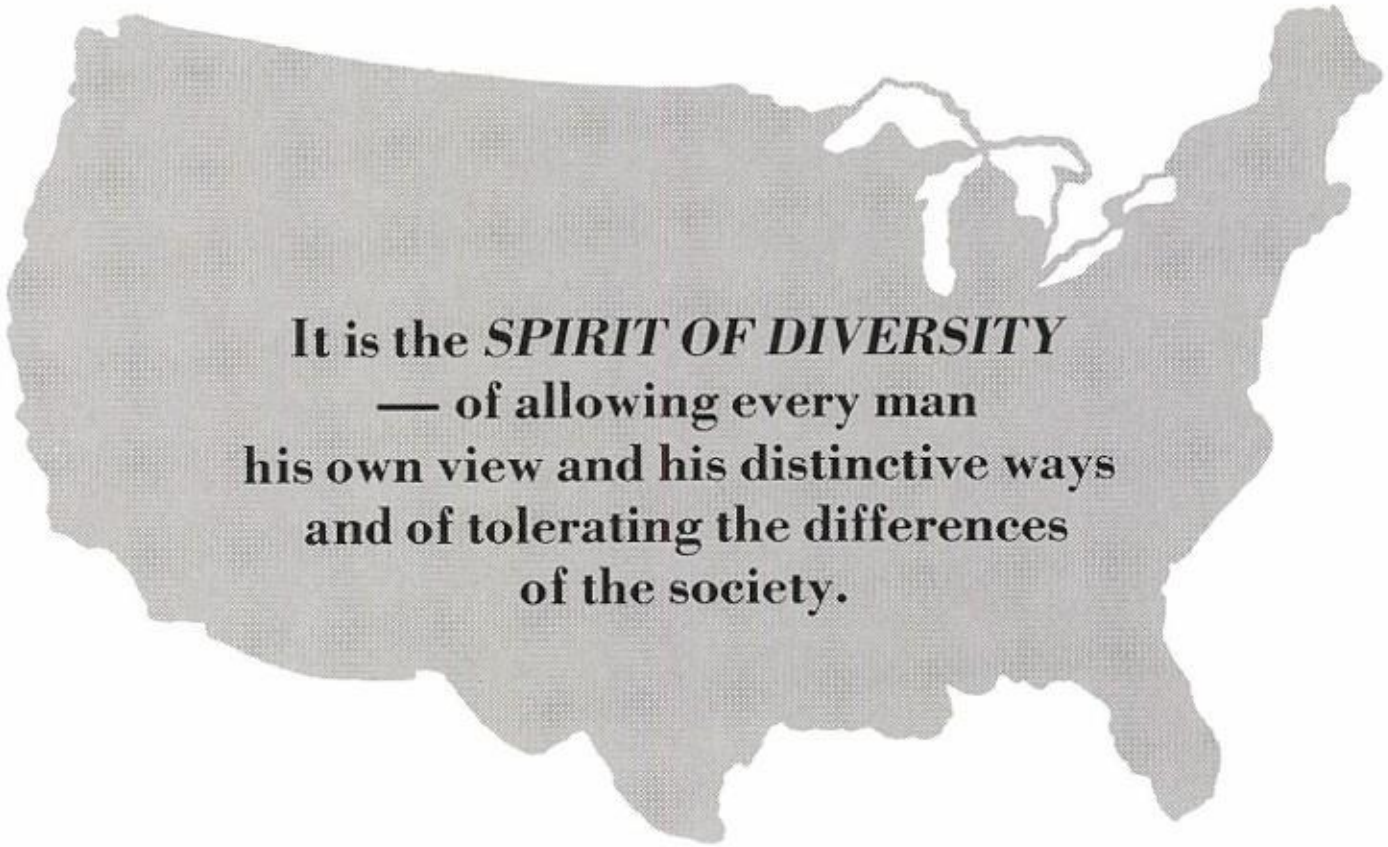

It is the *SPIRIT OF FRONTIER* — of not fearing to go where man has not reached.

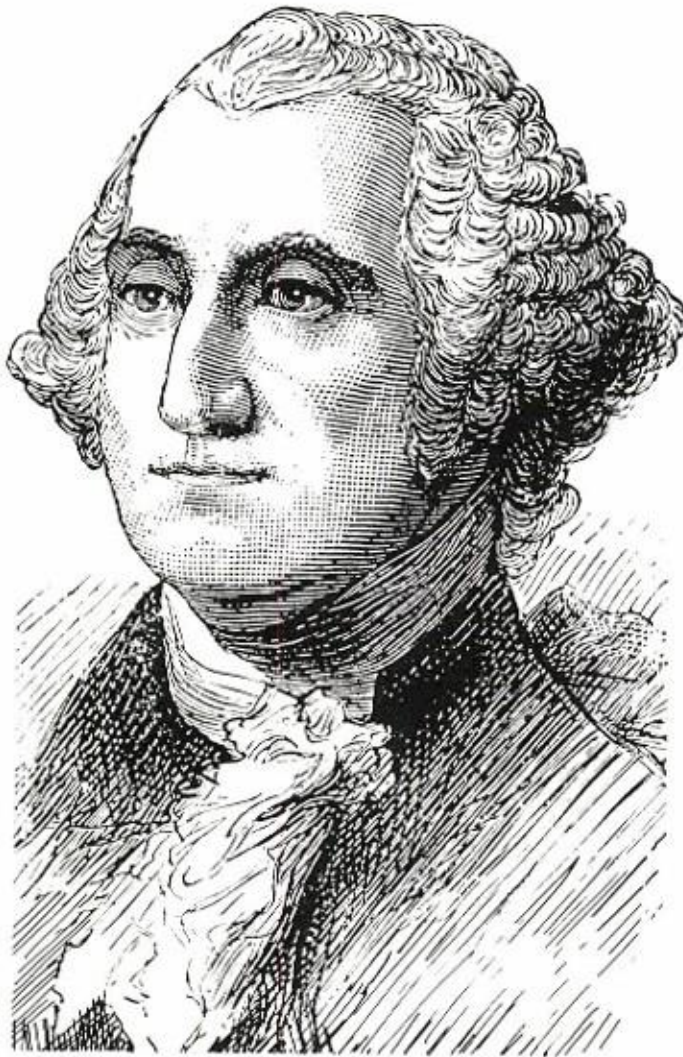

It is the *SPIRIT OF DIVERSITY*
— of allowing every man
his own view and his distinctive ways
and of tolerating the differences
of the society.

It is the *SPIRIT OF INDIVIDUALISM*
— acknowledging a birthright of opportunity
and freedom drawn from the strength
of our fathers.

Indeed the "*SPIRIT OF '76*" was, and is, many things,
each of which has been a building block
of our national greatness.
Our country grew on that spirit
and prospered on that spirit.
When all else fails
it is that spirit that will be there to guide us
and keep us strong.
